

CHAIRS-ARMCHAIRS

Hanna

Design by **Francesc Rifé**

Hanna is cozy, comfortable and sensual. It has warmth, elegance and class, by being contemporary, classical, young and eternal all at the same time.

Hanna provides privacy with an open attitude making it friendly and receptive for workspaces, meeting areas or lounging.

It invites communication in a relaxed environment from meeting to dining, even in a hotel room. Hanna's versatility provides the answer to all different needs.
