THE STORY OF

NUURA

We aim to create aesthetic and exclusive lighting design that spreads joy and quality lighting. Our collections are designed with inspiration from the Nordic design tradition, based on simplicity and respect for nature and the environment.

With the chandelier as a centre, Nuura offers lighting collections that enrich the room and complete the interior in private homes and public spaces. By combining delicate design with new technology and carefully chosen materials of high quality, we strive to create unique quality lighting that positively impacts our well-being. Nuura is the new modern classic in a sensuous and timeless design.

The meaning of Nuura is light and honour.

Recent research shows that light has a major impact on our well-being. Light not only affects our mood, workability and circadian rhythm. It also affects our heart rate and body temperature. That is why it is important to have good lighting in the workplace and at home.

COLLECTION

RIZZATTO

With a long and distinguished career in the field of lighting and a fascination for chandeliers, internationally renowned lighting designer Paolo Rizzatto made the Rizzatto collection with inspiration from Oskar Schlemmer's 'Triadischen Ballett' from 1924. The Rizzatto collection has been designed to last. The light unfolds from its source and diffuses wonderfully through the mouth-blown opal-white glass, creating soft, comfortable quality lighting.

DESIGNER

PAOLO RIZZATTO

Paolo Rizzatto was born in Milan in 1941, where he studied for his degree in architecture at Milan Polytechnic in 1965, when he was 24. Rizzatto works as a freelance in the fields of architecture, interiors, design, lighting and teaching.

He founded Luceplan together with Riccardo Saffatti in 1978. He has also designed for Alias, Arteluce, Artemide, Cassina, Danese, Driade, Flos, Kartell, Knoll, Lensvelt, Luceplan, Molteni, Montana, Nemo, Philips, Poltrona Frau, Serralunga and Thonet.

His architecture and design projects form part of permanent exhibitions and numerous museums: architectural associations in London, Milano Triennale, Wave Hill Museum Centre in New York, the Museum of Modern Art in New York and the Victoria and Albert Museum in London.

DESIGNER

SOFIE REFER

Sofie Refer is an internationally awarded Danish lighting designer and rooted in the Scandinavian design tradition she considers respect for nature and the beauty of simplicity as two of the most valuable qualities in her designs.

With esteem for the tradition Sofie likes to challenge the perception and with curiosity and eagerness to explore the riches, generosity and extravagance of environment interprets these into her lighting designs.

"I am truly inspired by light in the Nordic. I strive to balance simplicity and grandeur, and create light that has a pure yet sensuous expression."

- Sofie Refer

COLLECTION

ANOLI

Elegant droplets and golden warmth are the essences of the sophisticated pendant collection Anoli. Silent drops on a rainy day and the unique Nordic light are combined most elegantly. The Anoli collection is made of metal and mouth-blown glass. It ranges from sleek pendants to elegant chandeliers and can be customised for larger projects and private homes.

COLLECTION

APIALES

With inspiration from flowers, Sofie Refer has designed the new chandelier collection, Apiales. The collection consists of two chandeliers with 9 or 18 mouth-blown glass globes and are available in golden Brushed Brass finish or the smooth Satin Black. From a specially-produced canopy, the arms unfold like flower stalks from which light is spread with grace. Suitable for residential homes, restaurants and hotels.

COLLECTION

BLOSSI

Inspired by the golden light during the Nordic fall, Blossi is designed to give a soft and delicate light. Beautifully rounded glass lampshades give the Blossi collection a Nordic touch and complete the design. The collection ranges from a chandelier to lamps for the wall, table and floor. Fashioned from high craftsmanship with state of the art LED technology.

COLLECTION

LIILA

The Liila collection has a playful approach to light and how wall lighting is typically conceived. Liila is a sculpture for the wall from where it spreads an extravagant atmosphere through its mouth- blown glass. The clear optic glass gives a defined light, creating radiant reflections like the rays of the sun, while the opal white glass provides a soft, diffused light like a Nordic midnight sun. The collection consists of single wall and ceiling lamps and a chandelier for the wall which can be customised.

COLLECTION

MIIRA

The unique and Nordic lighting collection, Miira, is created in a simple and timeless design. The lamps complement each other, and each one helps create a uniquely Nordic feel. The Miira collection is designed with the chandelier at its centre and expands into a complete series of light. It can be used everywhere from private homes to large exclusive interior decorations.
