LILA

COLLECTION

THE STORY OF
LIILA

The Liila collection has a playful approach to light and how wall lighting is typically conceived. Liila is a sculpture for the wall from where it spreads an extravagant atmosphere through its mouth- blown glass. The clear optic glass gives a defined light, creating radiant reflections like the rays of the sun, while the opal white glass provides a soft, diffused light like a Nordic midnight sun. The collection consists of single wall and ceiling lamps and a chandelier for the wall which can be customised.
