

wellano office

YOUR VERY OWN COMFORT ZONE.

- » Elegant re-interpretation of the classic wingback chair
- » Modern formal language with clear-cut contours
- » The foam-covered steel basket ensures top stability
- » Allows appealing material mix of leather and fabric
- » Matching table to perfectly complement the easy chair

Representative Comfort.
wellano office – particularly poised.

wellano office is the contemporary reinterpretation of the classic wingback chair – ideal for furnishing reception area or office. The emphatically clear formal language of seat and back as well as the striking seams on the back make a poised design statement with a very individual character. Thanks to its high back, this chair will be a comfortable haven even in lively areas – ideal for creating a relaxed atmosphere for speaking on the phone, focussed work, or a quiet conversation. All the while, wellano office resides with stability on its particularly flat aluminium foot.

In the two-coloured version, wellano office turns into an irresistible eye-catcher. Not only the upholstery colours may be combined, but also the materials – e.g. leather outside, and fabric inside.
