PRINT COLLECTION

BY SATELLIET

Printen van stof en kunstleder in een persoonlijk gekozen kleur of patroon. *Printing fabric and imitation leather in a personally chosen colour or pattern.*

Het is mogelijk om je eigen patroon of kleur te drukken op 3 verschillende stoffen en een kunstleder. Dit sluit aan op de toenemende vraag naar het personaliseren van producten. De gewenste kleur kan worden verkregen door opgave RAL kleurnummer of een ingestuurde kleurstaal. Om je eigen patroon te laten printen kan er vanuit Shutterstock.com een naadloos patroon worden aangeleverd.

It is possible to print your own pattern or colour on 3 different fabrics and an artificial leather. This is in line with the increasing demand for personalizing products. The desired colour can be obtained by specifying RAL colour number or a submitted colour sample. To have your own fabric printed, a seamless vector file pattern can be supplied from Shutterstock.com.

Stof

Cord: mat velours kwaliteit
Crystal: glans velours kwaliteit
Fiber: stof met een geweven uitstraling

Fabric

Cord: mat velvet quality
Crystal: shine velvet quality
Fiber: fabric with a woven look

Kunstleder

Strike: kunstleder met krasvaste PU coating

Artificial leather

Strike: artificial leather with scratch-resistant PU coating

Al deze stoffen hebben een vuil- en waterafstotende finish. Belangrijk is dat het kunstleder niet in effen kleur te drukken is, maar dat dit altijd een gemêleerde uitstraling heeft gebaseerd op een uni opgegeven kleur. Op aanvraag en vanaf 100 meter zijn de stoffen brandvertragend te maken tegen een meerprijs. De minimale order voor de stoffen is 40 meter en voor kunstleder 30 meter. Het is mogelijk meerdere patronen of uni kleuren te drukken op 1 rol om aan je métrage te komen.

All these fabrics have a dirt and water repellent finish. It is important to know that the imitation leather can not be printed in solid colour, it will have a mixed look based on a uni specified colour. On request and from 100 meters the fabrics can be made fire-retardant at an additional cost. The minimum order for the fabrics is 40 meters and for artificial leather 30 meters. It is possible to print multiple patterns or uni colours on 1 roll to get to the required number of meters.

Werkwijze Method

Lever een RAL-nummer, een referentiestaal van een kleur of een naadloos vectorbestand aan.

Deliver a RAL-number, a reference fabric or a seamless vector file.

Kies een stof uit waarop het patroon gedrukt moet worden: Cord, Crystal, Fiber of Strike.

Choose a fabric on which the pattern needs to be printed: Cord, Chrystal, Fiber or Strike.

Er wordt een A4 staal met patroon toegestuurd voor goedkeuring.

An A4-size sample with pattern will be sent for approval.
