NEW COLLECTION FOR BUSINESS , PROJECT AND HOMES 2018/2019

spoinq

## OUR STORY

Spoinq started in 2011 out of a passion for furniture.

We make design with a colorful twist. The use of pure, honest materials; clear lines and industrial details, is what all of our designs have in common.

We love to work together with different designers to make a new collection. Our furniture is made by craftsmen in the Netherlands, with durability in mind and if you need something special, just let us know!

In your home, office, public space or work environment, we give you a collection full of choice.

Live life, love Spoinq!
