

BuzziMe

Me, myself and I: there are times when you want to spend some time on your own in peace and quiet. The brand new BuzziMe is the ideal cocoon to get away from it all. Belgian designer Axel Enthoven was responsible for an ingenious look which harmoniously combines functionality and ergonomics.

Put two BuzziMes together for a private meeting. The acoustic insulation of the lounge chair reduces any external noise and vice versa: the perfect chair for lobbies, airports and offices - or your very own 'quiet' cocoon at home.
