Meet the Afterroom Collection

A study of the unity between functionalism and minimalism, the Afteroom Collection looks to the simple, geometric lines of the Bauhaus design movement to create furniture and interior objects pared back to their purest forms. The Stockholm-based Taiwanese design team

Afteroom was tasked with creating iconic furniture designs that were both minimalist and comfortable— and with a silhouette that was both sleek and instantly recognisable. Defined by this ‘less is more’ aesthetic, MENU’s Afteroom Collection profiles honest materials on an elegant collection of furniture with lasting appeal.

About Afterroom

IN KEEPING WITH THE ORIGINAL
 AFTEROOM CHAIR COLLECTION, THE
 EXTENSION OF THE Hugely Popular
 LINE IS BOUND TO BE EMBRACED BY
 THOSE LOOKING TO ENHANCE THE
 SEATING IN THEIR COMMERCIAL OR
 RESIDENTIAL SPACES.

The Stockholm-based studio, Afterroom,
 designs furniture and objects that have the
 capacity to survive for generations, ageing
 with grace and beauty.

Paying due diligence to the craft of
 creation and the traditions of industrial
 design and architecture, founders Hung-
 Ming Chen and Chen-Yen Wei source
 inspiration from an intriguing interest in
 forms, senses, proportions, materials and
 cultures with a philosophy that pivots
 simplicity, honesty and respect.

About MENU

AT MENU, WE BELIEVE IN CONNECTED SPACES: SPACES THAT UNITE OUR WORLD THROUGH DESIGN AND MAKE OUR TRANSITIONS FROM ONE PLACE TO ANOTHER SEAMLESS, INTERESTING AND ENJOYABLE.

In our rapidly changing landscape, the distinctions between home and work have become blurred.

The concept of *Connected Spaces* reflects this exciting shift, highlighting the opportunity to create human-centric, multi-functional environments that serve our needs: workplaces that make us feel at home; homes with all the comfort and refinement of boutique hotels; cafés, shops, restaurants and hotels that feel curated to our desires and aspirations.

Connected Spaces is a testimony to the future of design. Since 1978, we have harnessed the skills of top designers and

craftspeople around the world to create furniture, lighting and accessories that are clean, clever and natural, infusing a sense of calm through high-quality materials in minimalist silhouettes.

By connecting the dots between home, work and hospitality, we can redefine how we use space and, ultimately, how we connect to one another. Designing ideal spaces is a journey. There is no roadmap.

Today, MENU's designs can be found across the globe. To make sure our product portfolio continues to anticipate people's needs and offer a breadth of ideas and solutions, we partner with contemporary talents both in our native Scandinavia and around the world.

At the same time, our collection is also growing to include more legacy designers whose work has stood the test of time and serves as a reminder what it means to be a modern classic.

MENU at The Audo

MENU's new showroom is located at The Audo, a unique concept that masterfully unites co-working and event facilities, a café, restaurant and retail area, as well as an exclusive residence in a single, community-building universe

The Audo features an inspiring mix of original features and thoughtful new accompaniments from an eclectic mix of premium brands—not least MENU's comprehensive range of furniture, lighting and accessories, which are put to their truest test, together with a curated selection of products from global brands. Abbreviated from the Latin *Ab Uno Disce Omnes*, meaning: From one, learn all, The Audo reflects MENU's founding philosophy of collaborative spirit.

Redefining how we use design, space and, ultimately, how we connect to one another, the creative destination is a hub for powerful ideas, beautiful design and inspiration.

Afterroom Dining Chair

The Afterroom Dining Chair was MENU’s first foray into the world of chair design. Given our Scandinavian heritage in iconic chair design, we knew from the start that this chair needed to be special. Stripped of all superfluous details to reveal a chair in its most simplistic form, the Afterroom Dining Chair pays homage to Bauhaus and functionalism with a design that combines minimalistic clean lines with high quality materials and craftsmanship, without compromising comfort.

Available in luxurious aniline leather or upholstery fabric in a range of beautiful colours, the chair is also offered with a fourth leg, providing additional support and stability to the timeless and elegant design. The Afterroom Plus edition features a luxurious wider backrest. Rendered in black powder-coated steel, the chair comes with or without an upholstered seat.

Afterroom Counter/Bar Chair

A reinterpretation of the existing Afterroom Dining Chair, launched in 2012 as the first seat in MENU’s collection, the Afterroom Bar and Counter Chair is too pared back to its purest form to reveal only the most essential elements of its design.

Set on four elongated tubular powder-coated steel legs tethered with a circular footrest, the chair’s characteristic backrest remains the same, extending upwards from beneath the seat to support the body.

Crafted using some of the same techniques used in Bauhaus modernism – steel bending, die casting and welding – the chair pays tribute to the design movement’s principles of uniting form with function, minimalist lines and high-quality materials.

Afterroom Stools

How do you strip away even more from an already pared-down chair, including the backrest, yet retain a high level of comfort? Stockholm-based design duo Afterroom answers this question with their eponymous stool, a piece of furniture that manages to be both quiet and attention-grabbing at once.

The Afterroom Stool is rendered in black powder coated steel and comes with or without an upholstered seat. The stool is available in three heights –stool, counter stool, and bar stool – making it easy to slide up against a bar or keep in the home as small-space or additional seating.

Afterroom Lounge Chair

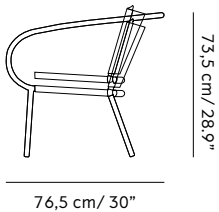

Drawing inspiration from two iconic chairs of early modernism – the Thonet Bentwood Armchair by Michael Thonet and the Spanish Chair by Børge Mogensen – the Lounge Chair combines the elegance of the Thonet with the comfort of the Spanish Chair in a minimalist seat. Not only a wonderful piece of design, the chair is also innately comfortable thanks to its generous angled backrest and perfectly pitched seat, lightly padded for support.

Set on a frame crafted from solid tubular steel rods that ensure strength and stability, the deceptively lightweight design is easy to move around, and the open curve of the embracing armrests lends added lightness to the chair. Upholstered in premium aniline leather in a range of muted hues, the Lounge Chair will age beautifully over time, adding further character to the timeless piece.

Afterroom Bench

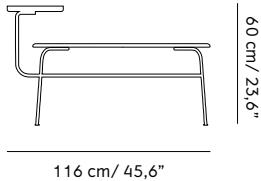

The Afterroom Bench is an evolution of MENU’s celebrated Afterroom Chair and a lastingtribute to the sleek lines, quality craftsmanship and marriage of function and form seen in Bauhaus modernism. Equal parts practical and stylish, by reducing the amount of material to a minimum the aesthetic appearance of the bench is enhanced to a maximum.

Set on a slender powder-coated metal frame, the oblong seat is gently padded for comfort and upholstered in black or cognac leather. A small circular marble tabletop extends from the design to create an elegant platform for taking notes or placing a cup or vase.
